Time zones

We support all the world **Time Zones**. Choose by time zone or the world map.

1. Go to the **Switchboard > Number**
2. Select **Preferences > Time Zone**.
3. Select your **Time Zone** from the dropdown.
4. Enable 24 hour time zone (optional).
5. Click **Save** to update settings.

The screenshot shows a 'Time zone' settings dialog box. At the top left is the title 'Time zone' followed by a help icon. At the top right is an upward-pointing chevron icon. Below the title, there are two settings: 'Your time zone' with an empty dropdown menu, and '24 hour time' with a toggle switch that is currently turned off. At the bottom right, there are two buttons: 'CANCEL' and 'SAVE'.
