## Yealink Dect handsets

Mike Johnstone - 2024-04-17 - Yealink Devices

# Yealink Dect Cordless handsets

**Supports W52, W56, W70, W76**

Yealink DECT handsets are compatible with our device provisioning system. However, to complete the installation you'll need to manually pair each handset with its base station. This final one minute step, is not covered by Yealink's automatic provisioning services.

Step 1: Base Station - Press and hold **<Pager Button>**

Step 2: Handset - Press **<Reg key>**

Step 3: Handset - status > **Easy Pairing**

Step 4: Handset - status > **Handset Subscribed**

Step 5: Handset - **Handset Registered.**
