Call Return

You are able to use shortcodes to call the last number you dialed.

This is a very handy feature, particularly if you are using an entry-level handset that does not have this functionality enabled on the handsets themselves.

1. Log into your account.
2. Select **Switchboard**.
3. Select number.
4. Select **Outbound > Call Return**.
5. Toggle the setting to **ON**.
6. To repeat the call to the last number, press ***69**.
