## **Can I use my existing phone with your service?**

Mike Johnstone - 2026-02-05 - [FAQ](#)

## **Can I use my existing phone with your service?**

If you have a VoIP (or IP) handset you will be able to use this service. If your existing handset is not IP-enabled, you will not be able to use this device.

We can provide device provisioning within your account for Yealink and Polycom handsets, we also offer a range of articles for configuring your device to your account.
