Polycom VVX Bluetooth headsets

Within the Polycom VVX family, only the VVX 600 natively supports Bluetooth.

1. **Enable Bluetooth:** Menu > Settings > 2. Advanced (PW 456) > 1. Administrative Settings > 7. Handsfree Settings > 1. Handsfree Mode >> select Enable
2. **Enable Radio:** Menu > Settings > 1. Basic Settings > 11. Bluetooth Settings >> Enable Radio ON
3. **Headset:** Place your headset in pairing.
4. **To Pair:** Press the Bluetooth symbol to take you back to Bluetooth Settings.
5. **Select Manage BT Headset:** Select Scan then choose the required headset.
