Call Check

Use Call check to determine if your number is externally accessible from outside of our network.

How use Call Check

1. Log into your account
2. Select Tools > Call Check.
3. Select Preferences

The image shows a user interface for a 'Call Check' tool. At the top, there are four navigation icons: a mobile phone for 'Device Provisioning', a target symbol for 'Trace', a hand holding a phone for 'Call Check' (which is highlighted in dark blue), and a person at a desk for 'Reception Console'. Below these is a search area with the text 'Check number' followed by a dropdown menu containing 'Type number here' and a downward arrow. To the right of the dropdown are two buttons: 'CALL' and 'CALL FLOW'. At the bottom, there are three labels: 'TIME', 'A PARTY', and 'B PARTY'.
